

Why should I take German again next year?

1. You can't learn any language in just one year. It takes a series of years to develop any worthwhile talent.
2. Colleges and universities consider German to be a "core" class and value it more than other classes when making admissions decisions.
3. With increased German proficiency you can participate in the Meissen, Germany exchange.
4. The German club is one of the most active clubs at Timpview. You can make new friends and have a positive social experience.
5. You can get concurrent enrollment or AP credit. You can amass a number of college credits before you even begin your studies at a university.
6. You can become a member of Delta Epsilon Phi, the high school national German honor society.
7. Studies have shown that students who take multiple years of a foreign language perform better on standardized tests like the ACT and SAT.
8. In German class you get to participate in a variety of fun learning activities. Stefan comes up with new activities each year to make class even better.
9. It's the right choice and you'll be glad you did!!!
